

MOSES PAUL MINISTRIES

I lived in India for the last 24 years as a missionary, travelling Bible teacher, pastor, and evangelist. I am fluent in the local Kannada language. We were able to reach 1/3 million university students with the gospel in 1000 colleges.

We did 13 press meets and dozens of prime-time TV programs on secular news channels, produced a few hundred newspaper articles and finally spoke to the Indian central government, securing the block of all pornography from the 4G mobile networks for the whole of India.

Serving Churches and Helping Them Raise Up Salt And Light Teams

In order to evangelize effectively and confront the darkness of our nations 1 to 1 and en-masse from the lampstands in society, bringing about change, I am pursuing the following goals:

Casting the vision in Sunday services and Local church Seminars

Closing the gates of hell in the nation as salt and light, en-masse pre-evangelism, how to expose the destruction of contemporary evil ideologies connected with porn, trafficking, marriage, gender, abortion and evolution, how to access secular media, miracles in the media, turning a social issue into an evangelistic opportunity.

Local Colleges / Universities

“The Ruining of Romance and the Poison of Pornography”

Other Church Seminars

- Hearing the voice of God and the Prophetic
- How to Have **long effective** 1-1 evangelistic conversations
- Eternity, the challenge of the New Jerusalem and Reigning with Christ
- Baptism in fire: the coming Revival

(I do not do children's ministry.)

Above are a few media links introducing this ministry. I always tailor the ministry according to what the local pastor requests and of course what the Holy Spirit leads. My goal in every meeting is to inspire passion for Jesus, humility and patience and also to impart a love for the scriptures and prayer.

We have this treasure in jars of clay!

Blessings, Hope I can encourage and inspire your church team!

Moses.
